HONOLULU, TERRITORY OF HAWAII, WEDNESDAY, OCTOBER 7, 1903

VOLCANO CARTER SUGGESTS **EXCURSION** 4 PER CENT. BONDS

Authentic news of the outbreak on Mauna Loa having been received & here, a special steamer will be sent to Hawaii tomorrow or next day 4 ◆ and tickets covering all expenses will be issued at cheap rates if a ◆ number of people sufficient to justify sending a special, book their + names with Richard H. Trent, agent, who has his office with Henry

HOLUALOA, Hawaii, Oct. 7, 1903. A RICHARD H. TRENT, Honolulu. Summit crater Mokuaweoweo in eruption. Information L. S. AUNGST

By Wireless Telegraph.

*********** (By Wireless Telegraph.)

Richard H. Trent, Honolulu, Summit crater Mokuaweokeo on Maunaloa broke out at 12:45 p. m Tuesday, sending forth great volumes of smoke. Pahala, Monsaratt's + place reports plainly seen

The Mokuaweoweo volcano on Mauna Loa is again doing act- ive business on a grand scale, as the story told this morning by Captain
 Coath of the British ship Ormsary will show. The vessel put in here ◆ rom Newcastle this morning. On Monday, she was off Kailua, Kona, 💠 ♦ Hawaii, and at that time the Ormsury was whirled about on the bosom ♦ ♦ of the ocean as if she had been a cork. There was no use for the wheel ♦ since the vessel became absolutely unmanageable. This activity was ♦ but the forerunner of a grand display of volcanic power on the net ♦ day, when dense volumes of smoke were seen to shoot heavenward s and spread out in clouds over the Island of Hawaii.

Captain Coath tells the following quarters of the compass like maelstory of his extraordinary experience; stroms. Sometimes such a whiripool "At 5 o'clock Monday evening as my would suddenly reverse and start rac with Hawali. vessel was off the coast of Hawaii we ing back in just the opposite direction; had a most unique experience. The to that in which it had previously been were quoted in which it was shown would really cost and was answered sen gradually became very much dis-running. that the cost of the New York building by Mr. Macfarlane that the building sea gradually became very much dis-running.

and then to another, and raced in all

"The waves at times broke over the turbed and whirling currents set in. They twirled around first to one side
